

# sProDock™

IBU-33402

## UNIVERSAL VEHICLE DOCK

Keep any Smartphone or iPod in a secure and easy to view position with the sProDock. Benefit from optimized GPS and cell phone signal with placement inside the windshield. Use with any Bluetooth hands-free solution for a complete hands-free driving experience.

Insertion and removal is easy with the spring loaded design. Works with most cases too, including Otterbox® or Ballistic® style. The sProDock holds the device close to the four corners to avoid interference with volume button, audio jack and charging port etc.

The ROK Solid mount has a strong 70 mm suction cup and is designed for a vibration free driving experience. The ball-joint construction in back of cradle allows the driver to adjust to most any viewing angle. An easy to use Air Vent Mount is also included.

## BENEFITS

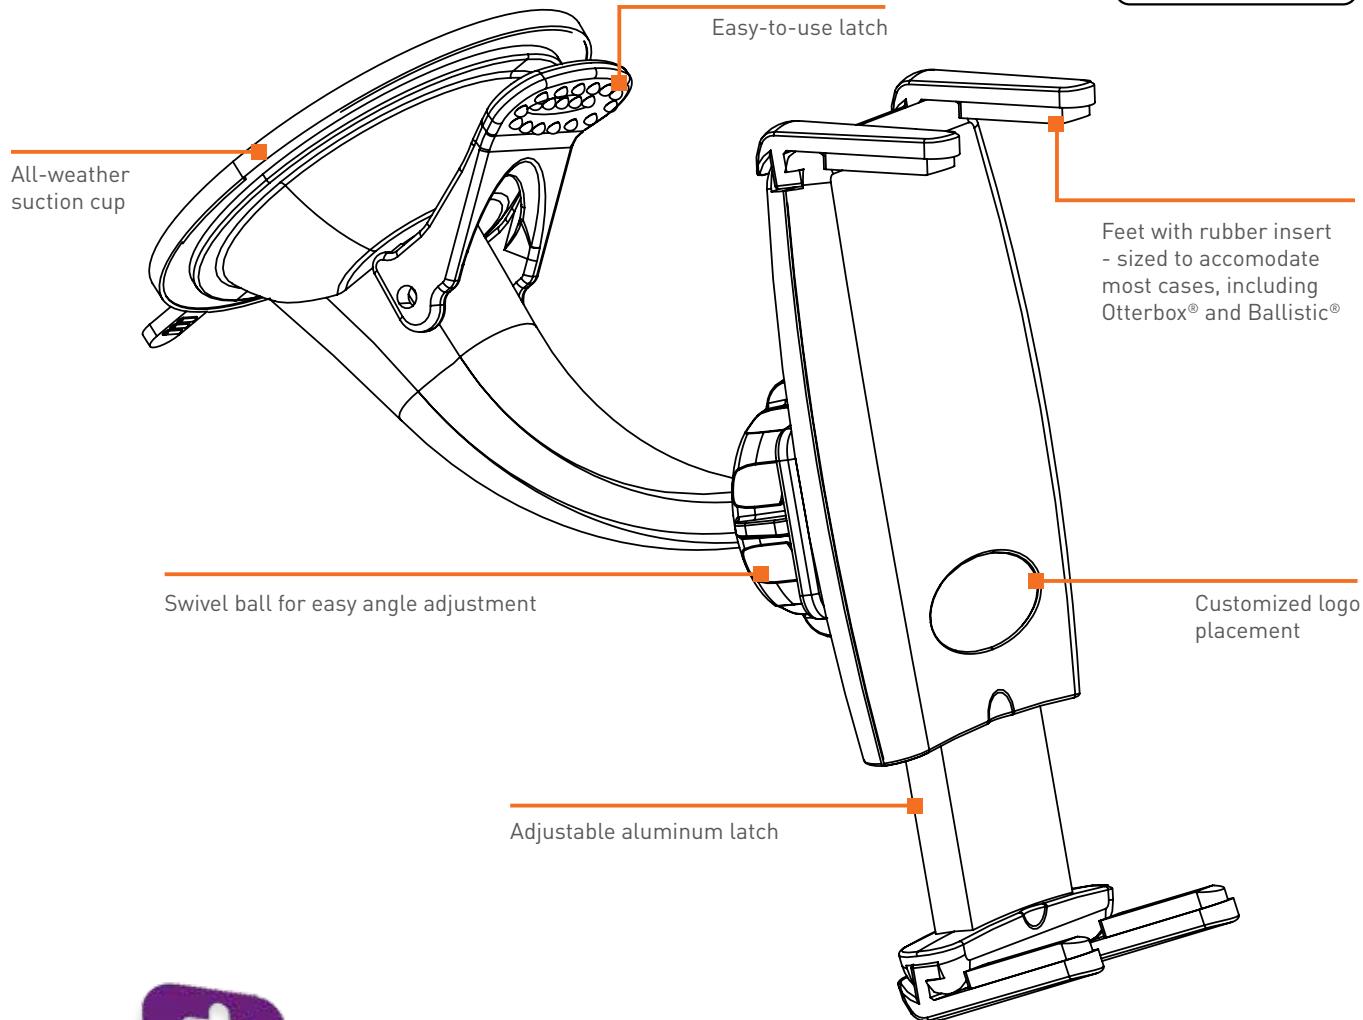

- Keeps your device in a secure and easy to view position
- Stylish and easy to use - looks great in any car
- Works with most Smartphones & Apple® devices
- Works when using thicker style cases too
- Zero install - windshield, dash and vent mount options
